

THIS COULD BE...

YOUR NEW KITCHEN?

YOUR WALK-IN?

YOUR PERFECT MATCH?

YOUR OVERTIME?

THIS COULD BE YOUR DREAM JOB

Picture yourself leading a small team of innovative chefs on a focused degustation menu, utilising a huge range of fresh local produce in the amazingly beautiful location of Margaret River. Oh, and you'll be at home most nights.

We are a winery in Margaret River that includes a fine dining winery restaurant. Wine is our hero. We are proud to put all our wines on the table, and the menus are created to showcase the styles through recommended pairings. Our aim has been to bring more of our wine story into the Restaurant, and we constantly search for ways to offer an authentic 'vineyard-to-table' experience.

Margaret River is a gourmet food basket. The variety and quality of produce available in the region is second to none. Marron, abalone and other seafood, fruit and vegetables, venison, beef... there's not much that can't be sourced within a close radius of our Estate. We even have our own large kitchen garden. Seasonal changes create new opportunities to keep menus changing.

Voyager Estate is a company that doesn't stand still. Over the past four years we have been evolving our wine & food experiences. For our Restaurant, that has meant exploring the best way to showcase regional produce with creative menus that offer the best in food & wine pairing to deliver a memorable dining experience.

In September 2014, we took our degustation menu to a new level, launching the Discovery Menu, a six-course wine-paired menu that tells a story with each course. Diners are invited on an interactive journey through our wine story, leaving with a tangible memento of their time with us through a set of six postcards.

We kept our a la carte menu; printed daily allowing the chefs to source produce from the kitchen garden. Each dish has a wine recommendation to add to the ultimate enjoyment.

Our vision has been to offer a uniquely Voyager Estate experience and so, from September 2016, we leapt into degustation only. Six-course and three-course journeys that explain our wine story or a bit more about Margaret River through the food on the plates. A focused menu that allows us to present our very best.

We also recognise we are based in a tourism region and we want to make our wines accessible to all. So our Wine Room offers a 'wine lounge' feel, allowing guests to relax over a wine flight, or a glass of wine, complemented by shared taste plates of wine-friendly food. This is a perfect opportunity to showcase our Produce Range; condiments, sauces and more, that people can sample and buy for their own kitchens.

Do we need to mention the coastline, the surf, the forest, the mountain biking, hiking trails, the artisans, events like Gourmet Escape and so on? Margaret River is a vibrant community that is a great place to live.
